GUANGDONG WISELINK LTD.

PREMIUM ONE-STOP SOLUTION FOR BUILDERS

• ABOUT US

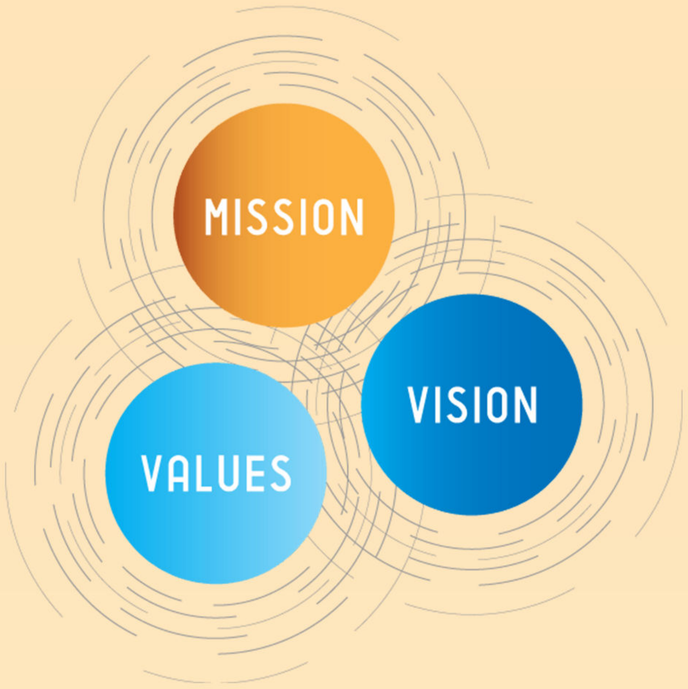
Founded in 2018 and headquartered in Foshan, Guangdong — the core of global manufacturing — Guangdong Wiselink LTD. was established by Mr. Nelson Lam & Mrs. Alice Niu.

The company operates two specialized factories and one trading company: One of them manufactures cultured marble products, the second one focuses on solid surface materials.

Our trading company supplies interior products for apartment and hotel projects. With a focus on integrated project solutions, we pride ourselves on being a Premium One-Stop Solution for builders.

OUR VISION

To be the world's most trusted and innovative one-stop solution partner for builders, delivering excellence through design, customization, and manufacturing.



OUR MISSION

We empower global builders and developers with high-quality, fully customized interior products.

We simplify the sourcing and production process with integrated, efficient, and value-driven solutions. We nurture long-term partnerships through consistent service, reliable quality, and technical excellence.

We foster a collaborative and energetic team culture that embraces innovation and continuous improvement.

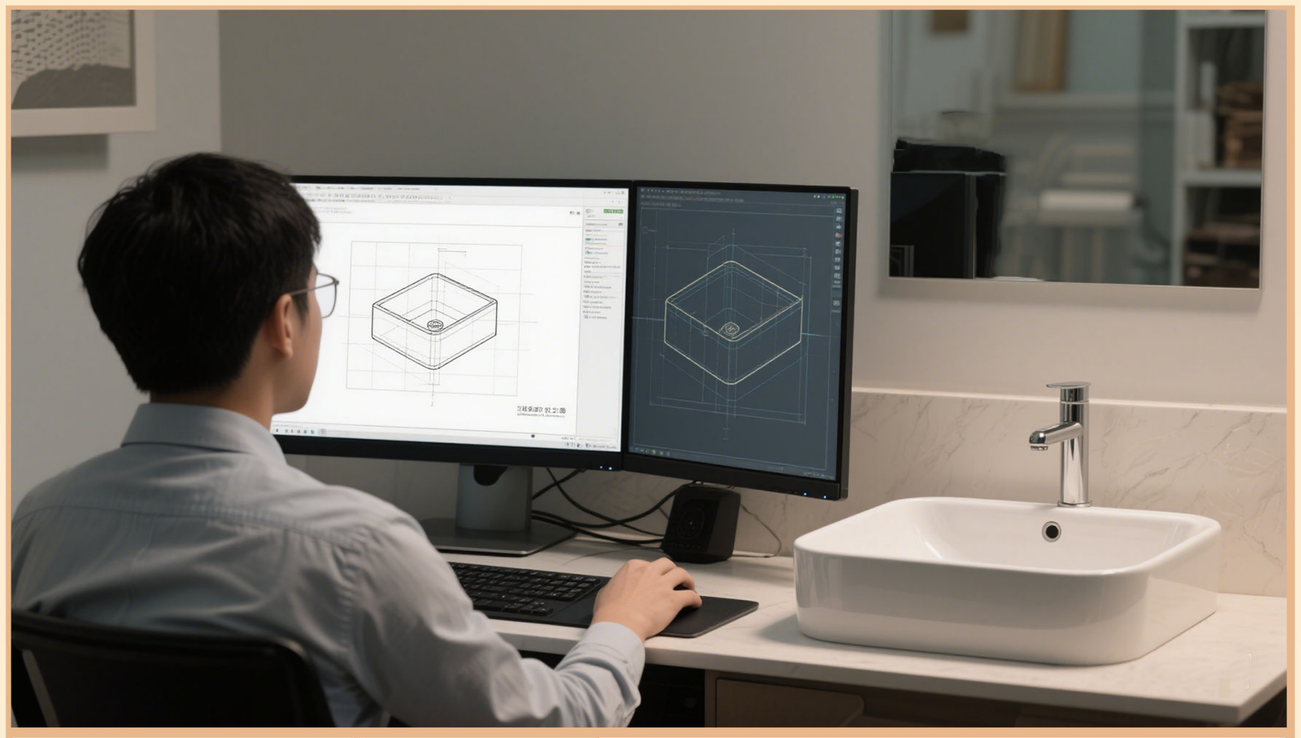
OUR STRENGTHS

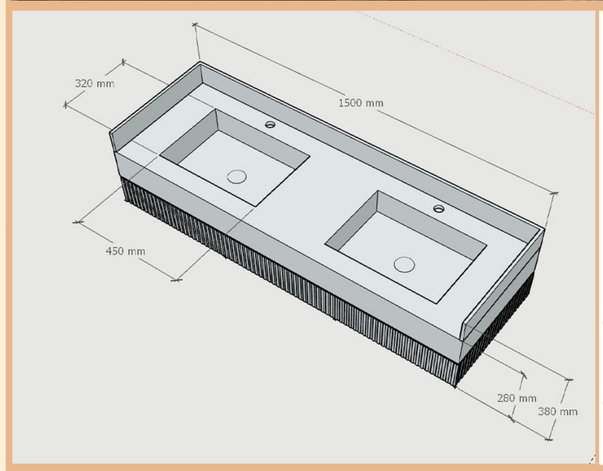
We have a talented and dynamic team of over ten young engineers proficient in both 2D and 3D design software, offering clients high-quality drawings and technical support.

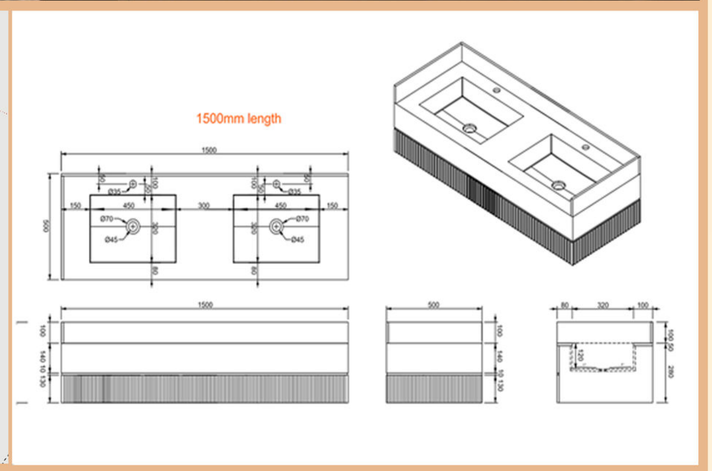
From just a project's initial floor plan, we can quickly generate take-offs and quotations. Our full customization capabilities meet each client's unique design preferences in the most cost-effective and efficient manner, ensuring maximum value for money.

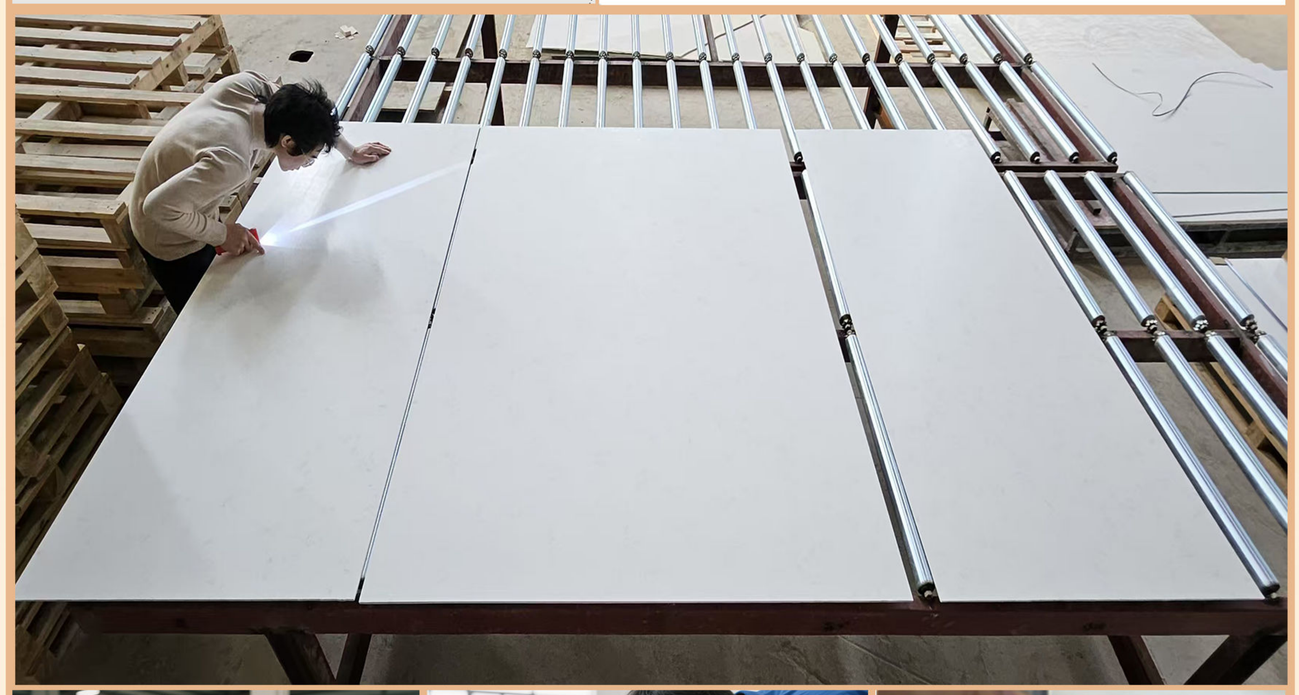
Our rigorous quality control system spans from initial samples to pre-production and mass production stages, with 100% inspection of all final products. Each order is accompanied by a detailed, illustrated inspection report.

Additionally, our strong supply chain integration and rapid product development abilities, combined with our strategic location in Foshan, enable us to help clients develop new products and identify the highest quality and most cost-effective suppliers quickly.









OUR GROWTH

Leveraging our factory resources and integrated service model, we’ve experienced exponential growth in recent years. Our team has grown steadily, both in size and expertise, enabling us to handle increasingly complex and diverse projects.

We have expanded our presence across North America, Europe, Australia, Southeast Asia, and the Middle East, serving a wide range of clients from design firms to major developers.

Through continuous innovation, product improvement, and investment in talent and technology, we have become a trusted name in the global building materials supplier. Our dedication to service excellence has helped us build a solid foundation of long-term, loyal partnerships around the world.
