AGROGREAT

AGROGREAT

Shanghai SinoGreatland Industrial Co.,Ltd,

AGROGREAT GROUP is one of the professional agrochemical manufacturers in China, with three factories located in Jiangsu Province, Shandong Province and Henan Province. And the products mainly include herbicides, fungicides, insecticides and PGR.

Shanghai office is a young and sunny team, and we are always dedicated to growing up together with our partners through close cooperation. Still, we always think of our clients and friends and support them to grow bigger and bigger. Further, quality is of primary importance to Agrogreat. We not only give our clients more competitive prices, but also provide them with the best service from raw materials to finished products to assure the best for our customers.

Now we can produce more than 7 technicals and process about 300 finished products, including the formulation types SL, EC, SC, FS, OD, CS, WP, WDG, SP, DF and so on. AGROGREAT GROUP always pays great attention to offering our customers quality, service and registration support. Until now, we have supported over 128 global agrochemical companies to register more than 320 products in the local market. Meanwhile, we will give our oversea clients registration support with all our endeavors.
