COMPANY PROFILE

Ninghai Xinming Cleaning Equipment Co., Ltd., a premier manufacturer of Telescopic cleaning equipment, is nestled in Ninghai County, Ningbo City, China. For over two decades, we have been at the forefront of the telescopic pole industry, pioneering innovative solutions. Our aluminum telescopic poles, celebrated for their lightweight design, portability, and unparalleled durability, have emerged as the preferred tool for a myriad of cleaning applications.

Armed with a dedicated team of professionals and state-of-the-art technology, including an extensive fleet of over 20 injection molding machines, we adeptly address the specific requirements of our esteemed clientele. Our mold design experts specialize in crafting bespoke solutions, ensuring swift product development cycles and unparalleled customer service.

With a robust global reputation, our products have secured a prominent footprint in markets across Europe and the United States. Available on prestigious platforms such as Amazon, they have garnered overwhelmingly positive reviews from our cherished customers.

Dedicated to excellence and unwavering customer satisfaction, we are relentless in our pursuit to refine our offerings and uphold our status as an industry leader. Looking to the future, we aspire to forge stronger alliances with an even broader clientele and contribute to shaping a cleaner, more accessible world through our superior telescopic cleaning equipment.
