DI525 Official-Source Verification Record

Exact model checked: **DI525**. No model-specific ABB product page, ordering entry, datasheet section, dimensions, weight, input characteristics, certification data, or compatibility statement for DI525 was identified in the official ABB sources reviewed.

To prevent technical substitution, this record does not reuse data from DI524, DI561, DI562, or any other similar-looking model.

Source reviewed	Result
ABB CAA-Merger-2 Hardware Manual, 3ADR010121 Rev. 26	No DI525 product section found
ABB PLC Automation Main Catalog, 3ADR020077C0204 Rev. H	No DI525 ordering or technical-data entry found
ABB official product and library search	No exact DI525 product record identified

Procurement action: request a manufacturer-issued part number, order code, nameplate image, and exact ABB document reference before treating DI525 as a verified ABB product.
