

Motion and Safety Configuration (multi-controller)

Safe Stop and Safe Monitor Configuration

Kinetix 5700 servo drives are capable of safe stop and safe monitor functions via drive-based and controller-based integrated safety over the EtherNet/IP network.

IMPORTANT For applications with safe stop and safe monitor safety functions, the GuardLogix 5580 or Compact GuardLogix 5380 controllers must be used. For more information, see the [Functional Safety and GuardLogix Controller Compatibility - Kinetix 5700 Drives](#) table on [page 13](#).
