

FLSO2011PETB

Ultra 20-Tray Electric Combi Steamer With Boiler(Touch Screen Type)

1. Dual control — 10-inch HD touchscreen plus a function knob, with one-touch recall of thousands of preset recipes.
2. 5-speed fan adjustment — continuous speed control with automatic fan reverse rotation for even heat distribution.
3. Concealed retractable water gun — keeps the exterior clean, with no exposed piping.
4. Fully automatic cleaning — one-touch wash-and-descale cycle with no manual spraying or rinsing; just select the cleaning level and load the cleaning/descaling agent.
5. Five cleaning levels — rinse-only, quick wash, standard, deep clean and boiler descaling; the fastest cycle finishes in 17 minutes.
6. Boiler equipped as standard.

Dimensions	910*810*1880mm
Inner Size	440*645*1515mm
Height of Each Layer	67mm
Voltage	380~400V/50Hz,3N
Power	Steam: 25.7~28kW Bake: 34~37kW
Capacity	20 pcs*GN1/1*1" pan
Working Temperature	25°C-250°C
Net Weight	395kg
Function Knob	Yes
Wind Speed	5 levels
Number of Fans	3
Water Gun	Concealed retractable water gun
