

750 Luxe Series Half Gas Lava Rock Grill With Cabinet

- *304 stainless steel construction, heavy-duty frame structure.
- *The enamel-coated slanted grate resists wear and corrosion for lasting durability.
- *The 439 stainless steel heat reflection plate withstands high temperatures for long-lasting durability.
- *The seamless stretch-formed countertop leaves no crevices for grease, making cleaning easy and hygienic.
- *The extra-large double oil trays catch drippings effectively.
- *The H-shaped cast iron burner head delivers exceptional durability and even heat distribution.
- *Flame failure protection automatically shuts off the gas supply.
