

FLGR7540GC

Dimensions	400*750*850mm
Heat Load	5kW+8kW=13kW
Gas Inlet	Φ 3/4"(DN20)
Materials	Stainless Steel 304

750 Luxe Series 2-Burner Gas Range With Cabinet

- *304 stainless steel construction. Classic European burner.
- *The imported gas seat valve ensures stable gas control.
- *Solid copper burners deliver consistent, even heat output.
- *Enamel-coated grate and rear exhaust grilles resist wear and corrosion for lasting durability.
- *Flame failure protection automatically shuts off the gas supply for safe operation.
- *Thermocouple probe protection ensures reliable flame monitoring and steady performance.
- *The seamless stretch-formed countertop leaves no crevices for grease, making cleaning easy and hygienic.
