

750 Luxe Series Gas Range With Oven

- *304 stainless steel construction. Classic European burner.
- *The imported gas seat valve ensures stable and precise gas control.
- *Solid copper burners deliver consistent, even heat output.
- *Enamel-coated grate and rear exhaust grilles resist wear and corrosion for lasting durability.
- *Flame failure protection automatically shuts off the gas supply for safe operation.
- *Thermocouple probe protection ensures reliable flame monitoring and steady performance.
- *Oven features a 304 stainless steel inner cavity and a grill rack.

FLGR7580GO

Dimensions	800*750*850mm
Heat Load	(5kW+8kW)x2+7kW =33kW
Gas Inlet	Φ 3/4"(DN20)
Gas Consumption	LPG: 2.601kg/h NG: 3.102m³/h
Net Weight	145kg
Materials	Stainless Steel 304
