

750 Luxe Series Half Gas Flat Griddle With Cabinet

- *304 stainless steel construction.
- *18mm thick chrome-plated griddle plate.
- *Cast iron burner beneath the plate enables stable heating.
- *Enamel-coated rear exhaust grilles resist wear and corrosion for lasting durability.
- *Flame failure protection automatically shuts off the gas supply for safe operation.
- *The seamless stretch-formed countertop leaves no crevices for grease, making cleaning easy and hygienic.
- *The storage base is manufactured in compliance with the H2 hygiene standard.
