

3 Doors Fancooling Upright Chiller

- *Compressor brand Embraco/Secop, low noise, fast cooling, durable.
- *Copeland temperature controller, accurate temperature control and 8 types of errors warning.
- *Condenser with 9.52mm diameter 0.32mm thick copper pipe, anti-corrosion, good heat dissipation, usually it's 8-10 years service life.
- *Plastic-coated shelf, available to replace with 1/1 GN pan. It can bear 30kg for each layer.
- *Detachable high density door gasket.
- *Feet & Caster: Optional.

FER1876CS300

Dimensions:	1800*760*2010mm
Package Dimensions:	1830*790*2020mm
Voltage:	220V/50Hz
Capacity:	1600L
Power:	1000w
Cooling Method:	Air Cooled
Refrigerant:	R134a
Compressor:	Secop
Thermostat:	COPELAND
Fan:	WEIGUANG
Temperature Range:	+2°C~+8°C
Shelves:	9pcs
Net Weight:	215kg
Gross Weight:	230kg
Material:	Stainless Steel 304
High Density Foam	
Insulation Thickness:	70mm
