Precautions

- The caregiver must not leave the child unattended while using this product.

- Before use, check that all parts are properly installed and securely connected.

- This product must be assembled by an adult, ensuring all components are tightly connected, before use.

- This product is not a vehicle for transport; do not use it on public transportation.

- Do not use this product on doorsteps, stairs, or uneven surfaces to prevent injury to your child.

- Avoid using or storing the product for long periods in wet, cold, or hot environments. Keep away from fire.

- Maximum load: 15 kg in stroller mode, 25 kg in tricycle mode. Do not exceed these limits.

- Maximum load for the hanging bag is 0.5 kg. Do not overload.

- Recommended tightening torque for fasteners: 10 N·m.

- Age range for this product: Stroller mode ~ 18 to 36 months; Tricycle mode ~ 18 to 60 months.

- The user and caregiver must read this manual carefully before use and keep it properly for future reference. Failure to follow this manual may compromise the child's safety during use.

- When using this product, please wear protective gear such as a helmet, gloves, knee pads, and elbow pads.

Maintenance Tips

- To protect your baby from accidental injury, frequently inspect and maintain this product.

- To clean the frame, wipe it directly with a dry cloth.

- Regularly apply solid grease to all moving parts, such as wheel axes and handlebar pivot points, to extend the product's service life.

- Periodically check for loose screws or damaged parts; replace any damaged parts if necessary. When disassembling or reassembling, carefully follow the manual to avoid unnecessary damage.

- The user and caregiver should read this instruction manual carefully before use.
